

Open-air performance built from 100% recycled PET. Crosswind scrapes and holds coarse debris and moisture before it ever reaches the door.

CONSTRUCTION & PERFORMANCE

Crosswind	[CWND]
Construction	100% Solution Dyed, Structured, Polyester Nonwoven Material
Fiber	P.E.T. (Polyethylene Terephthalate) Polyester
Dye Method	Solution Dye
Pile Height	4.0 mm +/- 0.5 mm
Total Weight	44.0 oz/yd ² +/- 4 oz/yd ²
Total Thickness	0.420 in +/- 0.040 in
Product Size	24" x 24" Tile; 6' Roll
Flammability	Passes Methenamine Pill Test (CPSC-FF1-70)
Flooring Radiant Panel	NFPA 101 Classification: Class 1 (ASTM E648-14a)
Smoke Density	Passes (ASTM E662-13d)
Warranty	10 Year Commercial Limited Warranty

COLORWAYS / RECOMMENDED APPLICATIONS

- Bark (CWND59) · Ore (CWND89) · Storm (CWND66)
- Outside a commercial doorway
- Locker room
- Breezeway
- Pool exterior
- Balconies
